

## SUPREME COURT IS FOR BECKHAM

Decides That It Has No Jurisdiction in the Kentucky Wrangle.

## NO FEDERAL QUESTION

Means That Taylor Must Quit or Be Ousted by the Sheriff.

## DEMOCRATS WILD WITH JOY

Washington, May 21.—[Special Telegram]—The United States Supreme court today decided that it has no jurisdiction in the Kentucky gubernatorial wrangle because no federal question was involved and dismissed the petition of W. S. Taylor, the republican incumbent for a hearing.

J. C. W. BECKHAM.

This leaves the victory with the democratic governor and sustains the legality of the action of the Kentucky legislature.

Interest in the case was evidenced by the great crowd present in the court room. Nearly all the Kentucky representatives in congress were there. Neither Taylor or Beckham were present or were represented by counsel. Chief Justice Fuller read the opinion of the court.

Joy for Kentucky Democrats. Frankfort, Ky., May 21.—[Special Telegram]—Gov. Taylor left for Louisville this morning. He may go to Indianapolis after hearing of the unfavorable decision at Washington.

The democrats are wild with joy. Now that the deck is cleared they will proceed to take full possession of the state government and buildings, if they have to be taken by force of arms. The Washington decision makes Beckham defacto governor of Kentucky.

## PADEREWSKI TOOK A BUNDLE WITH HIM

The Famous Musical Genius Earned About \$260,000 During His Last American Visit.

New York, May 21.—Ignace Jan Paderewski sailed for Europe last week carrying with him a check on the Bank of Manhattan for \$171,981.98. Single checks carrying as large figures are not often met with in any line of business, and this particular one is the largest ever granted to any musical artist for his services. It represented a part—not all—of the gifted Polish artist's earnings during the musical season just closed.

Another check for \$22,000 was issued to him a short time previously, so that the king of the musical platform returned to Europe with the comfortable sum of \$200,000 as the profit of his six months' sojourn in America.

The expenses of his tour had been deducted from the gross earnings before this amount was handed over to him, and as these expenses were in the vicinity of \$60,000, his total earnings amounted to more than \$260,000.

This was Paderewski's fourth visit to this country, and as the others were nearly if not quite as successful as the recent one, he must have carried away from our shores nearly a million good American dollars altogether.

De Pachman, Joseffy, Calve, Christine Nilsson and other vocal and instrumental geniuses have carried great sums for their appearances before the American public, but none of them ever approached the total that has been attained by Paderewski.

## WRITING A WOMAN'S BIBLE

Omaha Author Planning to Bring Out a Remarkable Publication.

Omaha, May 11.—Abraham G. Dixon, an old bookworm of this city, is writing a revised version of the bible. With his great volumes of history and ancient manuscript he is now at work writing what he terms a woman's bible. In his

work, which he has just completed, the author places woman on an equal footing with man. In speaking of his new bible Mr. Dixon said:

"What the so-called civilized nations need is a woman's bible, one that represents her as she is in the eyes of God and not as the insignificant serf, not as the secondary element of humanity she is pictured to be by the orthodox creed."

## MAYOR HARRISON IS OUT

Withdraws as a Gubernatorial Candidate and Chicago Democrats Endorse Taylor.

Chicago, Ill., May 21.—At a meeting of the Cook county democrats yesterday Robert E. Burke, acting as Mayor Harrison's spokesman, made official announcement of the withdrawal of Harrison as a gubernatorial candidate. Following this declaration, the 250 members present endorsed Judge Murray F. Tuley as a candidate for governor.

## WILL TRY TO WIN BACK BRYAN'S STATE

Republicans Will Make the Fight of the Coming Campaign in State of Nebraska.

Washington, May 21.—Politicians of all parties have their eyes on Nebraska, and say one of the hottest campaigns ever waged in that state will be fought there next fall. The importance of the election in that state can be seen at a glance, when it is known the legislature to be elected next fall will choose two United States senators, and the Republicans are anxious to increase their majority from that state to the lower house of congress.

At present Nebraska is represented in the house by three Populists, two republicans and one Democrat, and in the senate a Republican and a Populist. A supreme effort will be made to elect a full Republican congressional delegation, and capture the legislature for that party. The last legislature was Republican, and great hopes are entertained that the next one will be.

Senator Thurston has already announced that he will not be a candidate for re-election, and Senator Allen holds his office by the appointment of the governor to fill the vacancy created by the death of Senator Haywood. The names of the successors of these two senators are already being discussed, and among the most frequently heard is that of Assistant Secretary Meikeljohn.

## ENDEAVORERS WILL GO TO SEE LONDON

Plans Made for the July International Convention to be Held in the English Metropolis.

Boston, Mass., May 21.—The most important religious event of the year will be the nineteenth International Christian Endeavor convention, to be held in London July 14 to 18, which will call together the largest number of young people ever assembled for a purely religious gathering. Such an occasion will be used to the utmost to draw still more closely together ties of friendship and brotherhood between England and the United States.

It is to be an invasion of England by an army of Americans—an army organized with banners, although carrying no weapons more formidable than bibles and prayer books. To welcome such a host will tax the hospitality of John Bull to the utmost. The Albion palace and park are to be used for the convention and one of the great tents used in Boston at the convention several years ago has been shipped to London for use in the park. With the auditorium in the palace and the tents provided the convention will have a seating capacity of 250,000.

Thursday, July 19, the day following the convention, various pilgrimages from London to points of denominational or historical interest will be made. Windsor castle, Stratford-on-Avon, Kenilworth, Warwick castle, Bedford, Cambridge, Rochester and Canterbury are some of the attractive points.

A contract has been made for the express steamship Sault of the North-German Lloyd line and this ship is to be brought to Boston and fitted out for the voyage. Only fifteen state rooms on the ship remain unsold today. She will sail from here July 3, direct to Southampton.

## CONGRESS MAY ADJOURN JUNE 6

House is Practically Through with Its Work—The Senate is Far Behind.

Washington, May 21.—Chairman Payne of the house and ways committee, after consultation with the president, introduced in the house today a joint resolution fixing the final adjournment of congress for June 6.

The resolution will pass the house, as the house is practically through with its important work, but it will undoubtedly be amended in the senate and the date fixed for June 9 or June 11.

The senate is far behind. It still has to pass the postoffice appropriation bill, the sundry civil bill, the general deficiency bill and dispose of the Clark case. There is enough work in all this to keep the machine in motion for at least three weeks.

## METHODISTS WILL BE BUSY THIS WEEK

Most Important Period of Chicago Conference.

Day at Hand When Leading Problems Before the Delegates Must be Disposed of—Elections to be Finished and Policy on Many Issues Determined.

Chicago, May 21.—[Special Telegram]—After three more ballots this morning the Methodist conference adjourned without electing any regular bishops, but elected Edwin W. Parker and Frank W. Warner missionary bishops. The debate on the time limit for pastors was concluded, but no vote was taken.

Dr. Berry has withdrawn from the contest for bishop before the Methodist general conference.

Chicago, May 21.—[Special Telegram]—The devotional exercises opening the Methodist General Conference at 8:30 o'clock this morning were conducted by the Rev. E. J. Funk of North Germany. Bishop Andrews presided over the business session which began at 9 o'clock.

The thirteenth ballot for the election of two bishops was begun at 9:30 o'clock. During the progress of the vote the debate on the removal of the time limit was resumed, Dr. S. P. Cadman of New York having the floor.

## An Important Week

The present week is looked on in many ways as the most important of the General Conference. During the next six days the Bishops, the secretaries, the editors of the Advocates, and the publishing agents are to be elected. Some of the great questions which are to be solved will come to the point where the Conference must dispose of them—most immediate, the far-reaching time limit question.

The standing committees have their reports ready and are only seeking opportunities to present them. These reports bring up the woman question, the amusement rule, the deacons problem, and other important questions.

## Progressives in Control

The progressives have all been radical in spirit, suggesting in their reports the changes proposed by the progressives. The conference itself is disposed to act as a modifier and no one would predict just how much of the committee work will be allowed to stand. The report recommending a change on the amusement question is certain to be fought out to the bitter end.

Elections, when the two bishops have been chosen will go more swiftly, as there are sure to be numerous re-elections among the editors and secretaries. Delegates are required to stay until the last day and there will be little falling off in attendance. The date now fixed for adjournment is May 29.

## Berry May Withdraw

Last evening in the hotel lobbies the report was revived among delegates that Dr. Berry would withdraw today as a candidate for bishop on condition of being assured of election both as secretary of the Epworth League and editor of the Epworth Herald. It was rumored that in this event the election of a bishop from the West would be assured to Dr. David Moore of Cincinnati, whose chief competitor has been Dr. Berry, and that the bishop to be chosen from the East would be Dr. J. W. Hamilton.

## FRITZ MEYER SLAIN ON ELECTRIC CHAIR

Execution of a Murderer in Sing Sing Prison in Whom Molineux Was Interested.

New York, May 21.—Fritz Meyer, the slayer of Policeman Smith, expiated his crime in the electric chair in Sing Sing prison at 6 o'clock this morning before the other inmates of the condemned cells were awake, and before the big institution was opened for the usual business of the day.

Roland B. Molineux has until yesterday occupied a cell diagonally opposite that of Meyer. Meyer was taken to the cell nearer to the entrance to the death chamber yesterday. He had the sympathy of all the condemned men especially of Molineux.

Mrs. Molineux visited her son yesterday and they talked together for over an hour. Mrs. Molineux dreaded the execution of Meyer, and she was afraid it would unnerve her son. Molineux has assured her to have no fears of him and that the execution of Meyer will not cause him the least uneasiness.

## BATTLE WITH REBELS

Eighty Americans Ambushed by 500 Natives, But Fight Their Way Out.

Manila, May 21.—Five hundred insurgents, half of whom were armed with rifles ambushed eighty scouts of the American Volunteer infantry in the hills near Aqusan, in the northern part of Mindanao. The Americans routed the natives, killing fifty-one. The American casualties were two killed and three wounded.

## COLUMBIA REVOLT STILL SPREADING

REBELS OPERATING AROUND CITY OF PANAMA

Big Battle Took Place May 16, the Insurgents Being Defeated—Carthagea Still in Possession of the Government—Paper Dollars Bring Only Five Cents Each.

Kingston, Jamaica, May 21.—Advice from Columbia today by the royal mail steamer Trent say that the rebels are operating around Panama, which is full of troops, some of whom are quartered in the churches.

An engagement took place May 16 north of Panama, the rebels being driven off.

Carthagea is still in possession of the government. The Trent was to have conveyed a body of troops to Carthagea, but the rebels destroyed the bridges on the night of May 13, thus preventing the troops arriving for embarkation.

The same night a department engagement took place outside of Carthagea, in which the government troops were victorious. As many as fifty rebels are said to have been killed in the fighting. The country is in a frightful state, and paper-dollars bring only five cents each.

## BOSTON'S WARFARE ON CONSUMPTION

Hub City Reported To Be One of the Worst on Earth for That Scourge.

Boston, May 21.—Hereafter every physician in Boston must report every case of consumption that comes to his notice to the board of health as he would any other case of contagious disease.

After a death from this disease hereafter the premises will be entered upon by the board of health officers and disinfection performed and other means will be taken to guard against the spread of the malady in Boston.

These new rules have just been issued by the board of health, and the plan is to enter upon a vigorous campaign against tuberculosis and stamp it out if such a thing is possible. Dr. Durgin of the board of health today said:

"Boston is one of the worst places on earth for consumption. The board of health has decided that every precaution must be taken to prevent its spread. Consumption used to be considered an hereditary disease. Medical science, however, has proved that it is a purely contagious disease, and one of the worst there is. We are going to try the plan of rigorous disinfection and control."

Deaths in Boston from consumption have decreased from 1,349 in 1895 to 1,284 in 1899, and the board hopes to still further lessen its ravages.

## CENTER FOR CAMPAIGN WORK

Republican Congressional Committee Establishes Headquarters.

Chicago, May 21.—It has been officially decided to remove the headquarters of the Republican congressional committee from Washington to Chicago. Apartments for the officers of the committee have been engaged at the Auditorium and rooms for the clerks are now being sought. The headquarters will be opened immediately after the adjournment of congress. From there will be distributed the campaign literature and millions of documents will be spread broadcast over the country.

Chairman Babcock and his assistants will manage the campaign from Chicago sending speakers where needed and giving assistance and suggestions to candidates in the close districts, where the contest will be the hottest.

## COSTLY INCENDIARY FIRES

Hotel and Other Property at Eau Claire, Wis., Destroyed.

Eau Claire, Wis., May 21.—Six fires, of supposed incendiary origin, each in widely different sections of the city, occurred here between noon and 4:30 yesterday afternoon. All started in barns. The property destroyed included Gaultier's livery stable and contents, Deroin's hotel and saloon, Laundry's saloon, Felix Deroin's grocery, Louis Moore's dwelling, Eugene Shaw's and Frank McConough's barns. The total loss was \$10,000.

## Plague in San Francisco

Washington, May 21.—[Special Telegram]—The marine hospital service admits that cases of Bubonic exist in San Francisco's Chinatown and that quarantine regulations have been adopted.

## Telephone Linemen Strike

Cleveland, May 21.—[Special Telegram]—Four hundred and fifty linemen, inside men and helpers of the Cleveland Telephone Company struck this morning demanding \$2.50 for eight hours' work.

## Private Bankers Suspend

Pontwater, Mich., May 21.—[Special Telegram]—Nielson & Co., private bankers, suspended. Liabilities from \$75,000 to \$100,000; assets placed at \$5,000.

## Luminous Thought

Marie—You see things in a different light now you are married. Rose—I ought to. There were fifteen lamps among our wedding presents.

## WON BY FRENCH REPUBLICANS

Enormous Majorities Shown in the Communes Outside of Paris

Paris, May 21.—The official statement of the final results of the French municipal elections, which did not become definitely known until today, shows that, out of 33,942 communes, the republicans won 24,382, the reactionaries 8,519, the nationalists 158, and candidates whose policy is in doubt 438. Thus outside of Paris the republicans have secured an enormous majority.

## GIVES BIRTH TO TRIPLETS

Family At Beaver Dam Increased By Three Baby Boys

Beaver Dam, Wis., May 21.—Mrs. Fred Simonson gave birth to three sons yesterday, two of which weighed five pounds each and one three. The boys are strong and healthy and the mother is doing well.

## MAFEKING RELIEF OCCURRED MAY 17

Alleged Peace Propositions From Pres. Kruger—Baden Powell to be Major General.

London, May 21.—[Special Cablegram]—The relief of Mafeking is officially confirmed. It occurred on May seventeenth. There is great eagerness for the details as to how it was effected.

Peace propositions are alleged to have been made by Kruger together with the proposed surrender of Commandant Dewet and two thousand Free Staters. Both however are not confirmed.

The Queen has approved the promotion of Col. Baden-Powell to the rank of Major General.

London, May 21.—[Special Cablegram]—Baden-Powell reports from Mafeking the details of the capture of Eloff and party. Ten dead, nineteen wounded and one hundred and eight Boer prisoners taken. The English losses were six killed and eleven wounded.

London May 21.—[Special Cablegram]—Gen. Roberts reports his advance delayed for a few days owing to the destruction of the railway. Hupster is pushing on to Mafeking with supplies for the garrison. He is also arranging for a hospital train to convey the sick and wounded to Kimberley. Methuen has left Hoosd to co-operate with Hunter."

Kronstadt, May 21.—Special Cablegram—A convey enroute for Lindley, where Broadwood's cavalry is stationed, was attacked by the Boers yesterday and was obliged to halt.

## MILITARY FINANCES IN ISLAND OF CUBA

Only Fifteen Thousand Dollars Has Been Expended For Salaries by the Military Governor.

Washington, May 21.—[Special Cablegram]—Assistant Secretary of War Meikeljohn today made a statement of the receipts and expenditures of the military government in Cuba. For the calendar year 1899, the total receipts were sixteen million, three hundred thousand dollars and the expenditures twelve million dollars. Although the salaries aggregate three million and one hundred thousand dollars they include all branches of the government.

Only fifteen thousand dollars was expended by the military governor for salaries thus disposing of the criticism of an expenditure of four hundred thousand dollars.

## DENIES FIND OF \$100,000

John B. Koetting of Milwaukee Discredits Story From Mexico.

Milwaukee, Wis., May 21.—John B. Koetting, former cashier of the defunct South Side Savings Bank when seen today in regard to the report of a shepherd finding \$100,000 near Topo Chico, Mexico, and which was supposed to have been hidden by Koetting, said that the report so far as he is concerned, is entirely without foundation. Mr. Koetting does not believe any money has been found.

## Notice of State Conventions.

Milwaukee, May 21.—To avoid contests in the republican state convention of August 8, which is to nominate state officers, Gardner P. Stickney, secretary of the republican state central committee calls attention to the following:

On July 26, 1894, the republican state convention passed the following resolution: "Resolved, that hereafter all state conventions shall be called on notice of not less than eight weeks, and all conventions to elect delegates to a state convention on a notice of not less than four weeks."

This action has never been amended or rescinded.

Mr. Stickney says: "I surmise that some conventions may be called under the law which requires only a maximum notice of ten days unless the county chairman is called to the foregoing resolution which will be incorporated in the call for the August convention, which call will be issued next week."

"Unless the provisions of this resolution are regarded in the call for the various county and assembly district conventions, it is extremely likely that contests may arise."

## BOER ENVOYS HOPE FOR ARBITRATION

Are Empowered To Accept Any Proposition From the United States.

## A LESSON IN POLITICS

Find They Are Used for Party Politics by a Gang of Selfish Men.

## BRYANITES JUMP AT THEM

Washington, May 21.—Arbitration between Great Britain and the South African republics, upon the request of the United States, is the mission of the Boer peace commissioners who are now in Washington and who were last night given a great reception at a local theater.

Today the commissioners sent their credentials to the State Department and will themselves pay a visit to the secretary at his convenience. They are empowered by Presidents Kruger and Steyn to deal plenarily with the subject of their mission.

## No Hope for Intervention

They have no hope of American intervention, which would simply mean war between Great Britain and the United States, nor yet of mediation, which the London government would not for a moment entertain and which, therefore, would bring no results.

No one is able to say what the attitude of the administration will be toward this proposal. President McKinley and his advisers have not as yet any but the most general knowledge of the intentions of the visitors. The nature of the credentials which the delegates bear must first be looked into.

## Impressed Upon by Bryanites

Since their arrival in Washington the peace commissioners have learned that they are being imposed upon by a crowd of Bryanites and self advertising politicians who have attached themselves to the visiting delegation and have taken them in tow.

Mr. Fischer, the chairman of the delegation, is a good lawyer and a keen student of human nature. He has confided in a friend here the fact that he is disappointed at the reception which he and his colleagues have met in this country. Not at its warmth and hospitality, for in that respect it has been all that could be desired, but because of the character of the people engaged in it.

## Making Capital for Democrats

Sulzer, Champ Clark, Lentz, Collier, Bristle, and men of that stamp have not given Mr. Fischer and his colleagues a moment's peace since their arrival in America. The Boer delegates have permitted one or two of their friends to know that they would like to rid themselves of the irrepressible Sulzer but there does not appear to be any way in which to do it.

The Sulzer brand of statesmen have told him that the republicans in America are more friendly to England than to the Boers, but Mr. Fisher has learned from other sources that republicans in Washington were disgusted some time ago with the efforts which the democrats were making to take political advantage of the visit here of the delegation.

## Hope of the Commissioners

The hope of the peace commissioners is in the proposal that the United States shall ask Great Britain to arbitrate. This they will press upon the government here it given a fair opportunity. It is understood that they will not even attempt to stipulate that the independence of the republics shall be guaranteed, but are ready to risk everything upon the judgment of the international court to which they are eager to make their appeal.

## Got a Job in Alaska

Washington, May 21.—[Special Telegram]—The president today nominated William Edwards of Fargo, North Dakota, to be receiver of public moneys at Rampart City, Alaska.

## "Diamond Cut Diamond"

Probably most people know that nothing but a diamond will cut a diamond, and so the diamond is extensively employed in all the diamond-cutting factories in Amsterdam. A stone of 400 carats can be split in 15 minutes by skillfully pressing one diamond against the other on the spot where a flaw occurs, the diamond in the right hand being used as a knife. Where a flaw occurs a split soon takes place, and the diamond divides into two stones. Should there be another flaw in either of these the operation is again repeated, until several pure, flawless diamonds lie on the rough wooden table, and the first process is successfully accomplished.

## Ninety Years in Jail

At the recent meeting of the Michigan whistlers in this city the penalty for a player trumping his or her partner's ace was fixed at ninety years in jail, the property of the criminal to be confiscated by the association.—Kalamazoo Gazette-News.

## MR. TRIPP ATTENDS THE UNVEILING

MONUMENT MARKS RESTING  
PLACE OF FRANCES SLOCUM

Memorial to the White Rose of the  
Miami Dedicated with Appropriate  
Ceremonies Near Peru, Ind., May  
17—Distant Relative of a Janes-  
ville Man.

The unveiling of the Frances Slocum monument in the Bundy cemetery, eight miles east of Peru, took place May 17, and there was a large attendance, many of those present being descendants, from cities in many sections of the country. Over 300 of those present were descendants of Frances Slocum, who was the daughter of Johnathan Slocum and Ruth Tripp, a distant relative of W. H. Tripp of the Town of Rock. The Slocum and Tripp families came down from England and settled in Rhode Island in 1613.

Johnathan Slocum with his wife and children moved to the Wyoming Valley and settled at Wilkesbaw, Luzerne county, Penn., in 1773. They settled on the east side of the river where the Wyoming massacre occurred on July 3, 1778. At that battle nearly all of the whites were killed and scalped. Giles Slocum, the eldest brother, was the only one that escaped. With his gun he took to the river and hid himself under a tree that had fallen into the river. His brother, Wm. Slocum, was wounded in the head and was in after years elected sheriff of Luzerne county. Four months after the massacre three Indians came to the Slocum house when Mr. Slocum was away from home and killed two Kingberry boys and took Ebenezer Slocum, thirteen years old, and started for the river which was near by. His mother pointed to his foot and then she said he is lame and he will do you no good. Then he put him down and went in the house and saw Frances' foot sticking from under the stairs and drew her out and went to the river which was the last that the mother ever heard of her. When she was on the shoulder of the Indian she patted him with one hand and stretched out the other towards her mother and cried mamma! mamma! which was the last time that her voice was heard by her family until she was found in 1837, by G. W. Ewing, an Indian agent then paying the tribes their annuities.

The monument is a beautiful white bronze, standing eight feet and six inches in height upon a stone base four feet square. The four inscriptions upon the sides are as follows:

Frances S. Slocum, a child of English descent, was born in Warwick, Rhode Island, March, 1773; was carried into captivity from her father's house at Wilkesbaw, Pa., November 2, 1778, by Delaware Indians soon after the Wyoming massacre. Her brothers have persisted search, but did not find her until September 2, 1837.

When, inclined by a published letter describing an aged white woman in a Miami Indian village in Peru, two brothers and a sister visited that place and identified her. She lived near there thirty-two years with the Indian named Mag-a-quai. She died on the ridge March 9, 1847, and was given a Christian burial.

## TODD SUSPENDED FROM DUTY

Hydrographer of Navy Is Relieved Pending an Investigation.

New York, May 21.—A special to the Herald from Washington says that Secretary Long has relieved Commander C. C. Todd from duty as hydrographer of the navy, and placed him under suspension. This action is the direct result of efforts of the coast and geodetic survey, supported by Mr. Cannon and other representatives, to take the work of ocean and lake surveys from the navy. It is confidently expected by Commander Todd and his friends that when the facts receive further consideration he will be restored to duty and proper steps taken to relieve his record of the stigma now resting upon it. Commander Todd has been zealously laboring to keep the survey work under the navy, because he believes, with his brother officers, that the navy and the merchant marine can obtain better charts and be more efficiently served than if the coast and geodetic survey had the work in charge. Secretary Long decided to relieve Commander Todd as hydrographer, pending a thorough consideration of the matter. The commander had the support of the entire service in the course he has pursued. Secretary Long has under consideration the question of what further action, if any, shall be taken.

## Will Fight the Wire Trust.

Cleveland, O., May 19.—A prominent financial man of this city made the statement yesterday that Frank Baackes, at one time general superintendent of the American Steel and Wire company, will commence the erection of a \$1,000,000 plant at Leontia, O., to fight the wire trust. Mr. Baackes has been in the wire and nail business for years, his establishments being absorbed by the trust. It is rumored he was forced out of the combine, and now intends to start a big establishment in competition with the trust. Mr. Baackes is figuring on a plant to cost \$850,000 and a working capital of \$150,000. He means to subscribe for half the stock and prominent railroad officials and residents of Leontia will take the rest.

## Ready for 'Auto' Race.

Paris, May 21.—Alexander Winton of Cleveland has arrived in Paris to take part in the great automobile race from Paris to Lyons, 344 miles, to be run June 14 for the cup offered by James Gordon Bennett to the Automobile club here. Three Frenchmen, three Belgians, one German and one Italian—all well-known riders—also will participate, each riding a machine made in his own country. The French riders are Rene de Knyff, the "King of Chauffeurs," as he is called in Paris, who is also president of the French Automobile club; M. Charron, the famous automobile manufacturer, and M. Girardot, a member of the same firm.

## Extend a Royal Welcome

Many of the Milwaukee clubs will hold open house during Carnival week, from June 28 to 29, and will contribute in their own way to making the welcome to visitors genuine and hearty. Several of them are located almost within a stone's throw of the Court of Honor on Grand avenue, and they have made arrangements to illuminate their grounds and club buildings in a manner that will exceed all previous efforts. Plans have also been perfected for a very general decoration of the city with the Carnival colors—red, yellow and green—and especially along those streets which will be included in the line of march of the various processions.

The soda fountain use of "Orange" supplies instant and refreshing relief from pain and exhaustion, benefits nerves, stomach and liver.

## Various Frolics for Four Days.

The poster for the third annual Milwaukee Carnival has been sent out to all the hotels of Wisconsin and is the cynosure of many eyes because of its unique attractiveness and the festival of fun it suggests at the Carnival which is to be held from June 26 to 29. On the poster is shown a Carnival clown astride a pig, presumably greased, which seems to be enjoying the occasion with as much zest as the rider. An important catch line of the poster is "Reduced Rates from Everywhere."

## Half Rates to Madison, Wis.

## ROCK RIVER SAID TO BE RUNNING DRY

UNCLE SAM IS ASKED TO INVESTIGATE THE MATTER.

The Water in the Famous Stream Has Been Gradually Diminishing, and the People Along Its Banks Are Getting Very Much Concerned About the Question.

Dixon, Ill., May 21.—Rock river is drying up, and the cause of the diminishing waters is to be made the subject of an investigation by the United States Department of Agriculture. This action was brought about at the instance of Fred Lawton of Palmyra township who is connected with the Lee County Farmers' Institute.

Mr. Lawton wrote a letter to Congressman Hitt, who referred it to Secretary Wilson, submitting some facts which seem to show that the stream, which by many gifted writers has been made to figure in history, romance and poetry, is in danger of drying up.

Its waters, those in position to know say, have been gradually diminishing and the people in such towns as Janesville, Beloit, Rockford, Byron, Oregon and Dixon have been much concerned about the matter.

Secretary Wilson has directed that G. Fred Schwartz, an expert of the division of forestry, repair at once to the Rock river valley, there to make an investigation bearing on conditions which affect the flow of water down the valley.

Some Theories Advanced  
There are several theories advanced pertaining to this subject, but it is claimed that not only the main stream is lessening in volume but its tributaries, such as the Kishwaukee, Pecatonica, Sugar, Turtle, and other rivers and creeks, are also surely growing less with the passing of each year.

It is the common opinion that the waters of the Rock have diminished because of the cutting of timber at the headquarters and to excessive drainage for commercial and other purposes. It is claimed that thousands of springs which in early years contributed their cool, clear waters to the historic stream have dried up and that former brooks are now grass-grown vales.

A citizen of Janesville figures it out that the causes are the same that have produced practically the same result in the Mississippi river. He claims that the great marshy tracts along the upper course of the stream and its tributaries, which once acted as a sort of sponge, holding the flood waters of fall and spring and giving them up slowly so as to equalize the flow of summer with that of other seasons, have been reclaimed, and the former great expanse of swamps covered with reeds and wild rice are now parts and parcels of rich, improved farms of two states.

It is contended that while much timber has been cut from what was known as the Watertown Woods, the tributary streams, including nearly all from the west, flow through a prairie country now much more heavily timbered than it was fifty years ago.

## To Suggest a Remedy.

All of these matters will be called to the attention of the government expert on his arrival. The purpose of his investigation is to suggest a remedy if there be one, and he may depend on the co-operation of the people of the entire valley.

Within the last two years there has been a great deal of building on both banks of the river between this point and the Wisconsin line. Most of this has been in the way of summer homes of wealthy Chicago people. The Rockford Country club has leased for ten years 100 acres on the west bank of the river and is spending \$2,500 on a clubhouse and is making other improvements. Within the last few days a deal has been made for the Traver farm, on which is located Castle Rock. This farm is located four miles south of Oregon. The purchaser is a Chicago man who has a country place in view.

The Rock River assembly people at this place have been making improvements on their grounds overlooking the river for the last five years. All the money they make one year they spend in improvements the next, and the place has been made one of the most beautiful along the stream.

Summer cottages have been built there by Chicago and other people who spend the summer there until it has become a little city in itself.

## An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough remedy very successfully for cough and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

## BELOIT DEFEATS HOME TEAM

High School Base Ball Teams Met at Athletic Park.

At Athletic park Saturday afternoon members of the Beloit high school defeated the Janesville high school team at base ball, the score being 14 to 0. At every point of the game the visitors showed that they were more than equal to the occasion. There was a fair sized attendance. For the home team Hutchinson was in the box and Casey was behind the bat. Both did good work, but their support was weak. Gardner and Blair formed the battery for the visitors.

## RAISED SUFFICIENT CASH

High School Athletic Association is Now Out of Debt.

Members of the Laurean society have good reason to feel proud of their ice cream social held in the vacant store on the bridge Saturday evening. The social was given to help the Athletic Association of the Janesville high school out of debt. Sufficient money was realized to accomplish this. The gross receipts were about \$60. The large store room was decorated and the orchestra from the State School for the Blind played.

## Great Base-ball Event.

The Nebraska Indian Base Ball team is billed for a game against the Columbian Giants on Evansville, Wis., on June 8. This team is composed entirely of genuine American Indians and they play a fine game of ball. The team contains Seminoles, Shawnees, Chippewas, Sioux, Oneidas and Winnebagoes. These men have been gathered up from all over the United States wherever there were Indian reservations. This aggregation of Red Men is worth seeing and our people should take the advantage of the opportunity which will be afforded them on June 8, 1900. No lover of base ball should miss seeing them as this is probably the last time that the Indians will pass through this region.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post-office, Kodak agents.

## An Opportunity to Visit the East

Pleasant and economically is afforded by the tourist tickets on sale via the Lake Shore and Michigan Southern R'y. on and after June 1st. ## EXCELLENT RESULTS

They Have Resulted in a Steady Gain of Popularity.

People Who are Ever Ready to Recommend What Has Done Them Much Good.  
The people of Janesville feel very grateful for the great benefit they have received from the use of Morrow's Kid-ne-oids, the great remedy for backache, dizziness, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kid-ne-oids cure where other remedies have failed and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 100 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kid-ne-oids an Liver-lax for three days I have been greatly relieved of all my troubles. I will continue to use these grand remedies."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box. Morrow's Liver-lax are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co.  
Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

## FOR ITS BIG EXPOSITION.

Government to Ask for One-Half of the Proceeds—W. H. Hunt of Montana to Be Secretary of State for the Island of Porto Rico.

Washington, May 21.—The subcommittee of the committee on the St. Louis exposition met and perfected the bill in accordance with the instructions of the full committee. The bill will be printed and submitted to the committee on Tuesday, when final action will be taken. As it will be presented to the full committee, the bill will carry \$5,000,000 and give the government one-half of the proceeds, placing the government on a par with the people of St. Louis and bondholders.

## Root Slights Senate Inquiry.

Washington, May 21.—The following table shows a few of the items of expenses, aggregating several millions of dollars, which are collated in a statement of the war department transmitted to the senate in explanation of the Cuban expenditures: Extraordinary expenses, ordered by the military governor, \$448,079.92; miscellaneous expenses, \$109,642.38; barracks and quarters, \$517,755.84; material, \$339,000.00. The statement is Secretary Root's answer to the senate resolution demanding an itemized account of Cuban finances. Senators say it explains nothing. No details are given.

## Grant Statue Is Nation's.

Washington, May 21.—The statue of General Grant, presented by the Grand Army of the Republic to the nation, was unveiled in the great rotunda of the capitol and elaborate ceremonies commemorative of the event were held in the hall of representatives in the presence of a vast concourse of people, who included the widow, daughter and descendants of the hero of Appomattox, hundreds of his comrades in arms, the officers and committee of the Grand Army of the Republic and many persons distinguished in military, political and social circles.

## Named for Porto Rico Post.

Washington, May 21.—William H. Hunt of Montana has been selected to be secretary of state for the island of Porto Rico. Mr. Hunt recently was appointed agent for the United States government before the Chilean claims commission, a position which he vacates to accept this last appointment. He is a son of the late Secretary Hunt and a lawyer of high standing in his own state.

## England Is a Good Customer.

Washington, May 21.—England buys 60 per cent of all the products which the American farmer sends abroad, says E. L. Harris, consular agent at Eibenstock, in a report to the state department treating upon the extent of the United States trade with Great Britain.

## Vast Throng Halls Boers.

Washington, May 21.—One of the greatest outpourings that has occurred in Washington in recent years marked the peace demonstration held at the Grand opera house Sunday night under the auspices of the committee of representatives and senators that is managing the reception of the envoys of the South African republics. The big theater was crowded almost to suffocation by a wildly enthusiastic audience, whose cheers might have been heard by President McKinley, only two blocks away.

## Panic Over a Bogus Bomb.

Washington, May 21.—A panic was caused in the house of representatives when a white-haired man with wild eyes jumped on a bench in one of the public galleries and, after demanding the attention of the speaker in a stentorian voice, began brandishing a tin can above his head. Speaker Henderson commanded him to sit down and several members added their requests to the speaker's, but without effect, until two policemen ran to his side, snatched the tin can out of his hand and hustled him out of the gallery.

## Fired at a Rat; Killed His Wife.

Paulding, O., May 21.—Simon W. Cramer, ex-representative of this state, accidentally shot and killed his wife. Mr. and Mrs. Cramer were attempting to dislodge a rat from a pile of debris. Mrs. Cramer was on the opposite side of a woodshed from her husband, who held in his hand a loaded shotgun. He thought he saw the rat and fired, striking Mrs. Cramer full in the face. Death was almost instantaneous. Mrs. Cramer was 60 years old.

## Princeton Students Drown.

Princeton, N. J., May 21.—Christopher Colton Augur, 1902, of Evanston, Ill., and his obum and classmate, Philip Kingsland Hay of Nutley, N. J., were drowned in the whirling rapids of Millstone river, three miles from the university. Three fellow-students stood helpless a few feet away and saw the boys go down in the whirlpool to rise no more.

## With a Dagger in Her Breast.

Boston, Mass., May 21.—Mae Butler, an unusually handsome woman, 23 years old, and said to have been married, was found dead in bed at the residence of Mrs. E. A. Set Fire to the Grand Stand.  
Pittsburg, May 21.—Cutting down the list of passes to include only those who have just claims on the Pittsburg baseball club is given as motive for an attempt to burn the grand stand at Exposition park Saturday night. Many who have sandbagged the management in the past are this season compelled to pay entrance money or view the game from surrounding hills. Groundkeeper Murphy's vigilance saved general destruction of the park. A peculiar circumstance is that the stand had blazed three times in as many weeks, always at the same point.

Prof. Roy W. White Murdered.  
Philadelphia, Pa., May 21.—Prof. Roy Wilson White, 28 years old, an instructor in the law department of the University of Pennsylvania, was struck down and brutally murdered near Thirty-second street and Powellton avenue. His skull had been crushed evidently by an iron bar. Prof. White was a native of Richmond, Ind., and was a graduate of Earlham college there.

Kills Two Orphan Children.  
Pueblo, Colo., May 21.—Frenzied by jealousy Calvin Kimbrell, colored, formerly a corporal in company M, Twenty-fifth United States infantry, shot his wife twice, then deliberately put a revolver to the head of 13-year-old Ethel Strauss and 11-year-old Jessie M. Skaggs and fired, killing both. The couple were employed at the Fries Orphan's home, of which the dead children were inmates.

Youth a Bar to Office in Peru.  
Lima, May 21.—A cabinet crisis exists. It is reported that the cause of the crisis is the refusal of Minister of Home Affairs Parra and other members to sign the appointment of young Amadeus Pierola as director of the postoffice. Public opinion supports Minister Parra on the ground that Pierola is too young and inexperienced.

Plans for Clark Wedding.  
New York, May 21.—It is now announced that Senator Clark will give his daughter, Miss Katherine Clark, jewels valued at \$85,000 upon the occasion of her marriage to Dr. Lewis Rutherford Morris. Six thousand wedding invitations will be issued and it is said that the total cost of the wedding will be at least \$125,000.

Future of the Reichsrath.  
Vienna, May 21.—The Austrian reichsrath has adjourned until June 3. Absolutely nothing was accomplished at this session, the Czechs having continued throughout the obstruction they began as soon as they learned definitely the provisions of the new language ordinance.

## M'CLELLAN FOR SECOND PLACE

## Eastern Democrats Want Him as Running Mate for Bryan.

New York, May 21.—A special to the Herald from Washington says that a meeting of the friends of Congressman George B. McClellan, son of "Little Mac," the former federal general, who was the Democratic candidate for president in 1864, was held at Washington last night for the purpose of urging the nomination of the congressman for second place on the ticket with Bryan. It was urged that Mr. McClellan is the best man to strengthen the Democratic ticket in those sections of the country, for the reason that he commands the confidence of the conservative New York Democracy, inasmuch as during his campaign in 1896 and 1898, when a candidate for congress, he did not go on record either for or against the Chicago platform. Representative Stallings of Alabama was selected to make a statement in support of Mr. McClellan's candidacy. He said in an interview at the conclusion of the conference: "It is probable that while the platform will continue a reaffirmation of that adopted at Chicago in 1896, the leading issues of the moment will be given a prominent place, namely, imperialism, trusts and militarism. The platform will unquestionably be of such a nature as all Democrats will be able to heartily endorse and enthusiastically support."

Not Cures

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison.

Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. Mercury and potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain.

S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even though pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a new, untried remedy; an experience of nearly fifty years has proven it a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

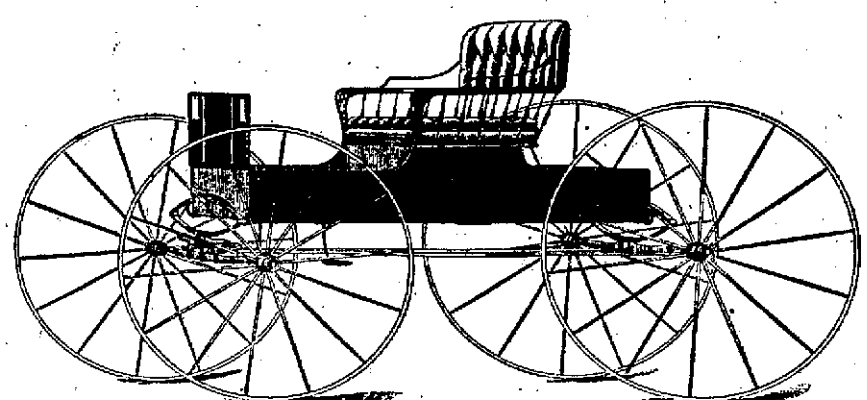

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. ABOUT "RECOGNITION"

There appears to be more or less nervous apprehension for fear the council will "recognize The Gazette" by ordering some of the improvements that The Gazette has been advocating. Consequently, some pawing of the air is done in certain quarters, under the mistaken idea that "recognition" can only come from the council. The protest comes too late. The Gazette received its "recognition" before the opposition gathered its scattered senses, and it came from the only true source—from the people. What the council may or may not do, has nothing to do with the case, so far as "recognition" is concerned.

The mission of an honest newspaper is to print the news, and comment on current topics. The newspaper that refuses to denounce what it believes to be wrong, and uphold what it believes to be right, falls short of its duty. The newspaper that defends measures that it knows to be wrong, or men that it knows to be corrupt, is dishonest, and false to its patrons. There is no middle ground. It is necessary to be either a man or a woman.

The Gazette has always followed the policy of upholding the right and denouncing the wrong, as it sees it, and will continue to do so. In following this policy it has stepped on the toes of some people in the past, and will doubtless step on the toes of more in the future. This fact, however, makes no difference. If the toes are where they belong, they won't be stepped on. Nobody ever arrested a buzz saw for cutting some one. The man who contributed the finger may accuse the saw, but everyone knows that the gentleman who lost the digit was at fault.

An alderman is authority for the statement that the council is disposed to oppose any measure that The Gazette favors. Perhaps this alderman doesn't speak for the council, but suppose he does? The Gazette doesn't care. If the council can afford to work on this narrow plan, the arrangement will be perfectly satisfactory. The Gazette asks no "recognition" of the council. If The Gazette is right, and the council is wrong, or vice versa, the people know it, and they will place the "recognition" where it belongs. Therefore, The Gazette seeks only to serve the people. The council can also do so or not, as it pleases. With the calling of public attention to the facts, the mission of the newspaper ends. If the lawmakers do not do their share, they alone will be criticised. For this reason, The Gazette isn't worrying about whether or not its suggestions are adopted by the council, because it talks to the people, not the aldermen and any "recognition" merited is given by the people before the council has a chance to act at all. If the council elects to disregard public sentiment, it takes its own chances, and the people will make themselves heard in due time. They are the "judges of the law and the evidence."

The Gazette has called public attention to some of the urgent needs of the city. The authorities are well acquainted with these needs. In some cases, private interests will be affected if the changes are made. If the "powers that be" prefer serving the private rather than the public interests, well and good. Murder will out. The truth is mighty and shall prevail. God hates a coward.

The Gazette has silenced the "knockers" who have held Janesville back for many years. It has made it possible for the council to go ahead. It has moulded and created a more liberal sentiment. If the aldermen prefer to practice small spite when they have an opportunity to make a name for themselves, and push Janesville to the front, they have a right to do so. There is no law against self destruction, but the destroyed party is always the heaviest loser. The Gazette has placed the council's opportunity before it, and the public officers can serve Janesville or not, as they please. If they want to dig their own graves, let them. That is none of our affairs. The people know what they want, what they have a right

to have, and who to blame if they do not get it.

Therefore, The Gazette is content to have the few who "oppose anything The Gazette favors" exhibit their sore thumbs on every possible occasion. They cannot make black turn white. No fact is altered by sore thumb opposition. In stating the case as the facts appear, the newspaper fulfills its duty. If a sore thumb howl follows, it simply shows that someone was hit. Unless the proposition has merit, and receives "recognition" no fight on it will be deemed necessary. There is no smoke where there is no fire.

Just at present there are two roads open to Janesville's servants. One leads ahead, and the other leads backward. The authorities can choose the one that suits them, but they should remember that they alone must travel it. The public official and the public press has the same choice in this matter. The Gazette long ago chose the forward route, and has since made it possible for the authorities to do the same.

Therefore, gentlemen of the public service, it is up to you. Do just as you please. It is your funeral, not ours. But:

"As ye sow, so shall ye reap."

The Oshkosh Northwestern argues against macadam for business streets, favoring brick pavements. The Northwestern is right. Macadam is all right in the residence districts, but with the exception of asphalt, vitrified brick is the only first class paving material. If the Sawdust City gets the right kind of back, and puts them down properly she will make no mistake.

Constant Reader—According to the charter, no alderman can be interested, directly or indirectly, in any city contract. Violation of the charter, or any ordinance, regulation, bylaw or order of the council, by omission or commission, is grounds for the removal from office of the offending alderman.

The exacting democratic press, in charging the crimes of the Cuban postal robbers to the republican administration, forget the fact, apparently, that the Southern lynchings continue to occur under democratic auspices. Doesn't the rule work both ways?

The police force should be on hand in a body when the lumber and sewer pipe bids are opened. The "strife" between the contractors is likely to be exceedingly bitter, and loss of life should be prevented if possible.

The Boer peace envoys all wear whiskers, thus demonstrating, beyond doubt, that they are peace envoys. Whiskers are a bad thing to have on in a "rough and tumble."

Senator Clark refuses to profit by the example of the gentleman who declared that he would rather "get out than be thrung out."

## ONE YEAR SENTENCE FOR FRANK M'GEARY

GOES TO STATE REFORMATORY  
AT GREEN BAY.

Entered a Plea of Guilty in the Municipal Court This Morning—Byers' Case Was Adjourned Till Next Week—Other Business Disposed of by the Court.

Frank McGeary of London, Ontario, Canada, appeared in the Rock county municipal court this morning on the charge of robbing the Cigarmakers Union of London of \$300 and valuable papers. The court then sentenced McGeary to one year in the Wisconsin State reformatory at Green Bay.

The sentence was the lightest that the court could impose. On account of this being the defendant's first offense and also the fact that he was but twenty five years of age induced the court to pass a reformatory instead of a state prison sentence. When McGeary appeared in court this morning he was neatly attired in a suit of gray. Members of the local Cigarmakers' Union were in attendance.

At eleven o'clock the case was called. When asked if he had anything to say why sentence should not be passed McGeary stated that he fully realized that he had done wrong but that he hoped that the court would take into consideration that this was his first offense and that he had a wife and child in London depending on him for a living.

He stated that it was his desire to return to London and some day pay back the debt that he owed. McGeary stated that it was not \$300 that he owed the London Cigarmakers' Union but \$172. Judge C. L. Fitch then passed sentence.

The case of the state of Wisconsin against Ernest Byers was called and adjourned till Tuesday, May 20.

Judgment was rendered in favor of the plaintiff in the action of the New Doty Manufacturing company vs. E. B. Rader. Attorney J. W. Bates of Beloit appeared for the plaintiff.

## COMMENCE GRADING IN SPRING BROOK

LACK OF TEAMS HINDERED THE WORK.

In the Rear of Athletic Park Thousands of Loads of Dirt Are Now Being Dumped—Many Watch the Work of the Steam Shovel—Work Being Rushed.

Winston Bros., the Minneapolis grading contracting firm who have the contract for constructing the Janesville and Southeastern railway, commenced this morning filling in the low land in the Spring Brook addition through which the road will pass. This filling in work is now well under way in the rear of Athletic park.

The grading near the city has been hindered during the past few days on account of the contractors being unable to secure enough large teams to haul the cars loaded with dirt. A large steam shovel is now at work on the Smith farm that adjoins the Paul farm on the south.

From the McKee boulevard in the Spring Brook addition to the steam shovel a temporary track has been placed in position.

Over this track small cars are hauled by horses. One team will haul twelve loaded cars. It takes the steam shovel five minutes to load twelve cars. As fast as the steam shovel works its way through a bank of earth track is laid in front of the ponderous machine so as to enable it to move ahead.

In this way the work is now being carried on in the Spring Brook addition. In the town of LaPrairie near the edge of the city limits a large force of workmen were engaged today in cutting down trees that were in the way of the surveyed route. Houses and barns in the Spring Brook addition and in the town of LaPrairie in direct line of the surveyed route have been removed. Several hundred people drove to the scene of operations yesterday from this city.

Resolutions of Sympathy.  
Resolutions passed at the last meeting of the Janesville Woman's Christian Temperance Union:

"Whereas, In the providence of God, our sister, Mrs. E. E. Yates has been so sorely afflicted in the tragic death of her son, we, the members of the Woman's Christian Union extend to her our heartfelt sympathy, praying that the God of all consolation abide with her in this sad bereavement."

Logosote Oil and Gas.  
State Geologist Blatchley, who has visited the Logosote oil and gas field, in Martin county, Indiana, says he believes the resources of the wells there would pay a local company to operate the wells for home use. The output is not and will not be as great as that of the wells drilled into Trenton rock, he says. He found eleven wells, seven of which were producing either oil or gas. He advised that the wells be sunk to Trenton rock in order to increase the supply of gas. The geologist will make an official report on what he found.

## CARELESS CYCLER CAUSED RUNAWAY

HORSE BRUISED AND BUGGY  
WRECKED.

Yesterday Afternoon on West Milwaukee Street—Barely Missed the Plate Glass Windows in Hall, Sayles and Fife's Jewelry Store—Was Watched by Large Crowd.

Carelessness on the part of a young man riding a bicycle is said to have been the main cause of a bad runaway in this city yesterday afternoon at six o'clock. A horse driven by Adam Brown of this city was crashed into by the rider and wheel at the corner of Milwaukee and Academy streets.

The cyclist escaped serious injury. But not so with the driver and woman occupant of the rig. The horse being badly frightened at once started down Milwaukee street at breakneck speed. Mr. Brown held fast to the reins but was unable to control the frenzied animal. Down the Milwaukee street brick pavement the outfit went at a terrific rate of speed.

Several vehicles closely missed being crashed into. One buggy was wrecked on the way. The driver escaped injury. Mr. Brown being unable to hold to the horse any longer was obliged to release his hold when the rig collided. At the corner of River street the horse dashed direct for the large plate glass window of Hall, Sayles & Fife's jewelry store. The wheels of the buggy struck the corner tearing out a portion of the brick. In front of the postoffice the horse was brought to a halt. Mr. Brown escaped with a few bruises. The horse was cut and bruised about the legs. The buggy was wrecked. The runaway was the means of drawing a large crowd.

## WANDERING HOBO STOLE SLOT MACHINE

PROPERTY CONSISTED OF GUM  
AND PENNIES.

Given Ninety Days in the Rock County Jail by a Clinton Junction Justice of the Peace—A Negro Prisoner Arrives From Beloit with a Dressed Chicken.

For the larceny of a penny in the slot gum machine William Howard is now occupying a cell in the Rock county jail and will continue to do so for the next ninety days. Howard is a wandering hobo with no particular home. In the village of Clinton he entered the Chicago & Northwestern passenger station and from the wall stole the penny in the slot machine. With the plunder under his arm Howard made for the city park where he attempted to open the machine by kicking the back in with his feet. In this operation he was successful. The machine was well loaded down with gum and pennies. Howard had no more than placed his plunder in his pockets when he was detected and placed under arrest. He was brought into court and on his plea of guilty was sentenced to ninety days in the Rock county jail.

Negro With Chicken.  
Washington Thomas, a colored man from the city of Beloit, is enjoying a fifteen day rest at the county bastille. He pleaded guilty to the charge of drunk and disorderly conduct. When Thomas arrived at the jail he had beneath his coat a chicken that was all ready for the frying pan. Thomas says that he brought the chicken along so as to have more of a variety in the bill of fare.

## UPTURNED DRAG CAUSED DEATH

Two Horses on the Barless Farm Were Killed in a Most Peculiar Accident Saturday.

On the Robert Barless farm in the town of Harmony Saturday afternoon a most unfortunate accident happened resulting in the death of two valuable horses and the narrow escape of the driver. The Barless farm is worked by Fred Hale. Late Saturday afternoon while at work in the field dragging plowed ground the team suddenly took fright and turning about upset the drag. The driver was thrown off and fortunately escaped the sharp upturned iron teeth of the drag. The frightened animals were unable to free themselves from the harness and the result was that both animals were thrown on the iron teeth. When released both were terribly cut and bruised. The teeth had done most cruel work. Deep into one of the horses' lungs three of the teeth had entered. The other horse had one of its legs fractured. Both were killed.

Spurgeon's Tabernacle Rebuilt.  
Two years ago the Metropolitan tabernacle, better known as Spurgeon's tabernacle, was destroyed by fire in an hour. It is now nearly rebuilt. The tabernacle will outwardly be as of yore. The old tabernacle cost \$160,000 and the new one \$200,000. The new edifice will seat 4,000, a few less than the old building.

At the First M. E. church in the morning the Rev. W. T. Miller of Milton preached to a large congregation. In the evening at the First M. E. church, the Rev. William Gorst of Neigh, Neb. delivered the sermon.

The day being an ideal one there was a large attendance at all the local places of worship.

## PHONE TO CRYSTAL SPRINGS

Capt. Buchholz Has Made the Necessary Arrangements For One.  
Crystal Springs park is to have telephone connection with the city of Janesville. Capt. Alex. Buchholz has made the necessary arrangements with the Bower City Telephone company and the work of stringing the wire will be completed this week. Phone connection with this park will fill a long felt want. Captain Buchholz has made many improvements in his upriver park this year which makes it more model than ever. The steamer Columbia yesterday carried many pleasure seekers to the park.

## FISH ARE WAITING TO BE CAUGHT

Open Season in Wisconsin Begins Next Friday—Many Good Catches Made in Rock River.

Everybody may fish in Wisconsin next Friday, May 25 is the day as anxiously waited for by thousands of fishermen as Christmas or any other holiday in the year, for on that day the law says the open season begins and the hasty tribe may be taken wherever found.

There are as many good places in Wisconsin as there are lakes and streams, and their name is legion. The best places are known to the most successful anglers—the men and women who know how to cast a chunk of pork or troll a spoon hook. There are fishermen who have been going to the same place for the past ten years. There are others who fish in new waters at the opening of each season.

The Rock river fishing is better this spring than it has ever been before and many fine strings have been caught. At Koshkonong there are good prospects and the lake will no doubt be largely visited.

## LATE TELEGRAPHIC NEWS.

## KRUGER PROPOSES PEACE.

Asks the Prime Minister at London for Terms.

## RIOTING IN GREAT BRITAIN

By Boer Sympathizers Who Are Enraged by the Demonstrations of Joy—London, Aberdeen and Belfast the Scenes of Trouble.

London, May 21.—Displayed in the most conspicuous style in the Daily Express is the dominant war news of the morning:

"We have the best reason for stating that in the last twenty-four hours a telegram has been received at the foreign office, addressed personally to the prime minister, from President Kruger, proposing terms of peace.

"The exact terms of the message cannot be stated, but we believe it is couched in an exceedingly humble strain.

"It is inconceivable, of course, that Lord Salisbury can have sent any reply except the one that stands ready on the lip of every Briton—unconditional surrender."

The boisterous rejoicings over the news from Mafeking have become riots in parts of London, Aberdeen and Belfast and elsewhere in the United Kingdom. In the Finchley district of suburban London a mob stoned the railway station master's house and smashed the windows of a draper's shop, setting the building on fire also, although whether by accident or design it is not yet known. Two clerks were injured. The house of a Boer sympathizer at Harleston was attacked by a large crowd and the windows were shattered. The police charged the mob and were greeted with a shower of decayed eggs. Numerous arrests were made and the police reserves were called out.

Details of the relief are still wanting, the British military authorities being without dispatches. Lord Roberts wires that he knows of the relief only through a press agency. Lord Lansdowne, however, announces that the war office expects direct news today.

The situation in the field is changed but little since Friday. Lord Roberts' troops are in fine form and abundantly supplied. Indications seem to point to an early movement. His cavalry, riding over several hundred square miles in a semicircle beyond Kroonstad, have received the submission of hundreds of Free Staters. It now appears that the De Wet who offered to surrender with 1,000 men was not the well-known General de Wet, but Commandant De Wet. He stipulated that his men should be allowed to return to their farms. Lord Roberts replied that the surrender must be unconditional.

A Cape Town correspondent re-asserts that the Irish-American ambulance corps from Chicago suffered heavily during the fighting at Kroonstad and that United States Consul Hay had protested vainly to President Kruger against using the corps on the fighting line.

## Foes Duel Over a Woman.

Chicago, May 21.—A feud, born of love and crime and marked by romantic and tragic incidents, culminated here in a revolver duel. The combatants were William N. Constant and Harry Crawford, husbands of the same woman, and the fight took place at the former's home, 2005 State street. Constant died after the fight at Mercy hospital, and Crawford, whose body bears the scars of many a bloody encounter, is a prisoner at the Cottage Grove avenue police station. He tore open an old wound in his abdomen before his arrest to give the police the impression that he had been shot.

The cause of the shooting was a quarrel over the young woman who has married both men and who gave her name as Mrs. Barbara Constant. In St. Louis three months ago she was Mrs. Harry Crawford, but she deserted her first husband to elope with Constant.

## Coast City in Panic.

San Francisco, Cal., May 21.—The official announcement that the bubonic plague has made its appearance in this city and an attempt by the board of health to inoculate all Chinese to prevent a spread of the Asiatic disease has resulted in panic. No Mongolians will be permitted to leave the city until the authorities have completed their work and every railroad station, dock and other route of egress was guarded to-day by police, who prevented the flight of hundreds of Chinese. Even the Christian population of the city is terror stricken by the peril now within the gates. Many of the well-to-do are departing for the east or for southern cities and no steps are taken to prevent the exodus of the whites.

## RIOTS IN ST. LOUIS.

Mob Demolishes a Street Car—Police Disperse Crowds.

St. Louis, Mo., May 21.—Aside from two quickly suppressed semi-riots the day passed quietly in the street car strike. Twice a dozen policemen responded to riot calls, made crowds of 1,500 to 2,000 jeering persons "move on." No blows were struck and no resistance was offered. A more serious disturbance took place at the intersection of Tenth street and Washington avenue, in the course of which H. W. Steinbliss, secretary of the National Building Trades council, was placed under arrest. He was released later. A switch had been thrown at the street intersection and when a Belfountain car loaded with passengers came along it was thrown off the track. The train crew were greeted with showers of stones and compelled to abandon the work. Police quickly forced the crowds to disperse. All the prisoners who were locked up were booked as federal prisoners, the charge against them being disorderly conduct in violation of the injunction of Judge Adams, issued yesterday. The Metal Trades council met late this afternoon and decided to recommend to all affiliated unions that they go on a sympathetic strike whenever asked to do so.

## Woman's Shooting Is Deadly.

Memphis, Tenn., May 21.—Edward Whittington, Dennis Brogan and Thomas Coleman, said to be coal miners from West Virginia, entered the lunchhouse of T. F. McKenna and quarreled with the porter. McKenna and his wife interfered. Mrs. McKenna was badly beaten with a club by Whittington. She then got a revolver and shot Whittington dead. Brogan advanced menacingly toward her and received a bullet in the face, which the physicians say will prove fatal. Coleman escaped without injury. Mrs. McKenna is in jail.

## Russia Foe to America.

London, May 21.—"However much Turkey may wrong the United States, American ships are not to pass the straits in order to exact redress from Constantinople, under penalty of being blown out of the water by Russian, German and Austrian ships."

This is the deduction drawn by the Spectator, which, in the course of a lengthy article based on the anti-American utterances of the Listok of Odessa, deals with the alleged hatred of America by the continental powers, especially Russia.

## Nephew's Bullets Slay Uncle.

Portsmouth, Ohio, May 21.—Stephen Masters, a sawmill operator, was shot and killed by his nephew, Frank Jenkins, at the former's residence, where Jenkins had called to settle the affairs of a former partnership. The shooting occurred in the presence of Mrs. Masters, who is so prostrated she cannot give a coherent account of the tragedy. Masters was shot five times. Jenkins surrendered to the sheriff, claiming self-defense.

## Scotland's Jails Crowded.

London, May 21.—Scotland is fast losing its reputation for stolid piggy. Last year's statistics, just issued, show the prisons were full to overflowing and that the officials were at their wits' ends to know where to confine the culprits. The number of prisoners shows an increase of over 600, chiefly due to husbands attacking their wives and indecent assaults, which the commissioners declare, spring from intemperance.

## Minister Becomes a Suitor.

Detroit, Mich., May 21.—A minister now trends the deck of the Belle Isle steamer Promise as first mate. The Rev. Francis A. Gould, pastor of St. Mark's Episcopal church at Marine City, has temporarily forsaken the pulpit for the water, but will return to his clerical duties when the sailing season closes.

## John Clark Riddpath Dying.

Indianapolis, Ind., May 21.—Dr. John Clark Riddpath is dying at the Presbyterian hospital in New York City. Telegrams from New York from Dr. Janeway, the specialist in charge, give absolutely no hope for his recovery.

## Actor Dies from His Wound.

Chicago, May 21.—As a result of a wound caused by an accidental discharge of a pistol during the closing scene of a Polish drama, Victor Lippecki, 25 years old, died of lockjaw at the West Side hospital.

## THE METHODIST CONFERENCE.

Charge Made That There Is "Dry Rot" in Church.

## SHARP WORDS ON TIME LIMIT

Important Week of the Conference—The Attack on President McKinley Is Causing a Great Commotion Among the Delegates in Attendance.

Chicago, May 21.—This week's business sessions of the quadrennial conference of the Methodists began with Bishop Andrews in the chair.

Bishop Henry Warren preached to an audience of 3,000 persons in the Auditorium Sunday afternoon. The singing, led by the Centenary choir and supported by the trained voices of nearly 500 delegates in the audience, made the devotional exercises of unusual interest. "The Fullness of God" was the general theme of the sermon, and Paul's advice to the Ephesians the text.

The following is the result of the balloting:

	9th.	10th.	11th.	12th.
Total vote	689	668	671	672
Necessary to elect	460	446	447	448
Berry	359	337	310	296
Hamilton	253	237	251	272
Moore	203	228	255	231
Spellmeyer	345	298	239	181
Neely	39	52	193	235

The time limit was called up and Frank A. Arter of Cleveland said:

"There is something worse than heresy in our church. It is what we call dry rot. To limit the term of a minister to five years is a form of the predestination doctrine of the Presbyterian church. A man's possibilities of usefulness are limited before he enters the ministry. Give them equal opportunities and let the best survive."

Chancellor Day, replying to Dr. Buckley's speech of the previous session, said there was no greater danger of preachers becoming heretics if retained in one charge than editors who remained for years in charge of newspapers. "Remove the time limit," he said, "and you will not be confronted with a cloud of candidates for bishops, general secretaries and editors every quadrennium."

Dr. Frank Bristol, pastor of President McKinley's church, read his argument against the time limit. He was interested so deeply in his paper that he jumped back startled when fifty delegates as one man clamored for the floor. "They've interrupted me," he said to Bishop Merrill. "Yes," replied the bishop, "your time's up."

A greeting from the Presbyterian general assembly was read.

The attack on President McKinley by the temperance committee has been given political interest. A representative of the republican national committee has arrived in Chicago for a conference with leaders of the conference. His mission, according to those with whom he conferred, was to ascertain at first hand the exact purport of the resolution of the committee and to learn personally the sentiment of the members of the conference in regard to the report. Letters, telegrams and appeals on the subject have been pouring in upon the members of the temperance committee from all parts of the country. A number of these communications appeal to the members not to recede from the position taken, while others present equally earnest appeals not to go on record as criticising the administration.

May Absorb the C. B. & O.

Philadelphia, Pa., May 21.—The Evening Telegraph says: "The Pennsylvania railroad, it is announced, is seeking control of the Chicago, Burlington & Quincy railroad. It is stated that a definite proposal will be offered the board of directors at their meeting in Chicago next Wednesday, looking toward a lease of the entire line. It is said in addition that the Pennsylvania has secured practical control by recent heavy purchases of stock, similar to the plan followed in gaining control of the Baltimore & Ohio and the Chesapeake & Ohio."

## DR. PIERCE'S GOLDEN MEDICAL DISCOVERY FOR THE BLOOD, LIVER, LUNGS.

Experience has shown to physicians that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" these various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure it. That is the philosophy on which Dr. Pierce's Golden Medical Discovery is prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. In like manner "Golden Medical Discovery" purifies the blood, by purifying the stomach and other blood-making organs.

It contains no alcohol, or other intoxicant, and no narcotic.
